EDUCATION

Full-stack Web Development Bootcamp Certificate: University of Minnesota, Minneapolis, MN

Andover High School, Minnesota — *Diploma. 3.5 GPA*

PROJECTS

EnviroPact — *Company Search Engine. ReactJS/ Express/ CSS:* *https://enviropact.herokuapp.com/*

A company search engine focused on improving our environment, economy, and society by holding businesses, corporations, and governments by holding them accountable for their actions and damages.

- Created a company search engine and worked past all the struggles with the team via solid communication
- Used express and graphql for backend server and api

Manage Me Now — *Project Management App. JavaScript / HTML / CSS:* https://manage-me-now.herokuapp.com

A project and employee handler.

- Used express on the backend
- Used bootstrap for styling on the frontend
- Learned and applied the handlebars.js library

BlitzandChaos — *Interactive Story. JavaScript / HTML / CSS:* https://justinean.github.io/BlitzandChaos

An interactive story where the main character, the user, will embark on a mission to save the world from a dragon.

- Developed an interactive story with a team and built essential team communication skills

Weather Dashboard — *Weather App. JavaScript / HTML / CSS:* https://justinean.github.io/weather-dashboard/

A weather dashboard for viewing the weather corresponding to any input postal code and country.

- Developed and designed a weather app to display the current weather and a 5 day forecast
- Used multiple open weather apis

EXPERIENCE

Wal-Mart, Andover MN — *Cashier*

July 2019 - June 2020

- Selected as 2nd shift employee of the month for excellent customer service skills and having at least 5 100% satisfaction surveys a week, and scanning over 1000 items/hour.

Holiday, Ham Lake MN — *Cashier*

January 2021 - August 2021

- Recognized as the quickest cashier on the team and often selected to be the register most of the time.
